Height:	163 cm
Girth:	187 cm
Bone:	29.5cm
Passport:	German

Breeder:
Soren Nissen
Herredsvej 12
8832 Skals
Denmark

Mare Family:
S50A Herba AA

Purchased from Neumunster auction in Germany as a 3 year old and by 4 year old German Champion Riding horse Induc, she was also chosen for her outstanding pedigree and very powerful movement, she gained a massive 57 points at her grading in Germany, well over premium status. She was Champion mare of the central mare inspection in Schleswig Holstein and got outstanding bloodlines for dressage, which includes the Grand Prix Dressage Stallion Arsenal. She is very closely related to the Danish stallion Blue Hors Hurtug, 4, 5 and 6 year old Danish Dressage Champion and now winning at Prix St. George.

She is a member of an Anglo Arab mother line, which is very popular in the Danish Warmblood and Trakehner breed, producing athletic horses for all sorts of competition.

In her pedigree she combines with Marduc - Halali, Ibikus and Habicht some of the most famous and successful competition Sires of the Trakehner breeds last decades.

Her dam Haley is currently competing in International dressage.

Henny passes her strong movements and kind temperament on to her children. This is another mare we hold very close to our hearts.

PROGENY TO DATE 6/6 FOALS
