To Make:	16.2 hh
Passport:	English

Breeder:
The Singing Stud
Ross-On-Wye
Herefordshire
HR9 7RG
England

Mare Family:
T1401 Herbstlicht
Gestut
Schmoel/Panker

Wow what a stunning colt, this is what we always thought we would bred when seeing his mother at the auction in Neumunster Germany. She was special chosen for Arentino and these two wonderful horses bloodlines just worked so well together.

Herbstglanz's Sire Arentino was competed in Prix St. George dressage and did also really well in show jumping. Arentino's Sire Santiago by Wie Ibikus and out of the foundation mare Schwalbelied was Champion of his grading in 1980 and was a very substantial big framed grandson of the legendary stallion Ibikus, which went on to become a very good show jumper. Wie Ibikus himself produced a big number of high successful dressage horses competing up to Grand Prix. Santiago produced some outstanding broodmares and the value can be seen in his offspring's competition results.

Arentino's Dam E.St Arktis II presents herself as one of the valuable broodmares of the Trakehner breed, being a full sister to the stallion Arogno, sire of the stallions Schwadronneur (now dead) and Anky's stallion Partout. E. St Arktis's offspring are doing well in 3-day eventing and dressage competing in Prix St. Georges.

Herbstwolke is a dynamic filly with a tremendously swinging and almost ostentatious movement due to her impressive conformation.

The modern pedigree combines the mare families of Donau and Herbstlicht and her dam produced the approved stallion Heidsieck by Tanzmeister in 1999, which has started a very promising dressage career.

Future jewel for dressage and breeding, this mare has a wonderful combination of the genes of the leading sires Sixtus, Kennedy, Michelangelo and Ibikus. If you look into the 3rd generation you will also find outstanding bloodlines for dressage and for high level breeding too.

Donauwalzer was awarded a premium at his grading and is the most impressive son of Elite stallion Sixtus. This wonderful chestnut stallion is very noble, athletic and shows the most powerful and elastic trot with a wonderful walk and uphill canter. His mother Donauflut by Ibikus is one of the youngest of her legendary father and founded her own branch of the famous Donau-family. Grandmother is Donauflamme a very typical daughter of the world famous sire Habicht. Donauwalzer represents an outstanding line breeding to Ibikus and to Habicht, two of the most famous sires for breeding and competition within the last 50 years.

Michelangelo founded besides Mahagoni the second line of the unforgotten Pastur xx. Inselkonig, who was a popular Sire in the Hannoverian breed and the American Trakehner breed to.

The herbst-family counts among the most successful, valuable and proven families of the Trakehner breed, producing great Sires such as Herzzauber, Herzkristall, Herzbube, Herbstruf, Herzkonig, Herbststurm and great dressage horses like the Olympic star Hirtentraum.

Herbstglanz will be retained by the stud owner, as a stallion prospect.
