Bone:	20.5cm
Passport:	German

Breeder:
Georg Hoogen
Vogelsangshof
Kevelaer
Germany

Mare Family:
Eichel 62
Federmann -Fuhlenrue

Wow what a mare, so much power and elegance and a mare with that true Trakehner type. She has an hourglass face, big eyes and a good deep body, she is my favourite mare and I love her dearly. She was privately bought in from Germany and thanks to Erhard Schulte is now a part of our herd.

She is by Hockey who is the granddad to Biotop and a father of many top competition horses such as Almox Prints who twice took part in the Olympics of Seoul and Barcelona and became international successful in Grand Prix Show jumping. Also the son's Chochot, Podchod and Saporoshez became dressage champions of the whole of Russia in 1990,1992 and 1993. Hockey himself was successfully competed in dressage up to Prix St.Georges and Intermediaire to be one of the most successful, popular and proven sires of competition horses in Russia. He stood at the State stud in Kirow, as a Senior Stallion.

Elistra's Dam was awarded a Premium at her grading and three of her son's are already competing up to advanced level. Her family already in East - Prussia was one of the highest quality bloodlines and produced in Germany the Elite stallion Eriskonig, Enim Pascha the Grand Prix dressage stallion and the Sires Herodes and Ortelsburg, whom also became important in the Hannoverian breed.

This mare has very rare bloodlines and we are very proud to own one of the very few daughters of the most proven Sire of competition horses of the Russian Trakehner breed. Her foals have good conformation and wonderful uphill paces. Her first foal Singing Elischa was reserve Champion foal at TBF show in 2002.

PROGENY TO DATE 4/5 FOALS

- 2002 Singing Elischa, bay filly by Mackensen, retained by Stud owner. **Graded with a premium**
